The Ranches at Belt Creek

Just down the road from Great Falls, Montana a sportsmen's utopia has emerged. The setting is idyllic; 800 stunning acres cradled in the hands of endless blue sky and mountain peaks that, if given the ability to speak, would tell heart-wrenching tales of how explorers came centuries ago on foot and on horseback to stake their claim on this vast Montana ranch. The legacy they left is now yours to declare.

Whether you come here to snow ski, hunt for trophy elk, ride a horse on a secluded trail, outsmart a wily trout, or just sit demurely in a window seat with an awe-inspiring view – our mission to fulfill your desired adventure is paramount. After only one visit to experience this members-only opportunity, you'll make the transition from a pioneer to a settler overnight. And you'll quickly see that this is not just ANY Montana ranch – it's an outdoorsmen's paradise!

Montana Sporting Club

The community is shouldered on the Montana Sporting Club featuring outdoor activities including fly fishing, horseback riding, ATV excursions, Sporting Clay shooting, snowmobiling, and a full menu of other winter activities. What makes it spectacular and separates us from the rest are all the toys; so owners don't have to pay for ownership, storage, maintenance or insurance. Trained dude horses, ATVs, plus a Ranger and a Mule (the 4-wheeled kind), snowmobiles, all the fly fishing gear to include boots, waders, rods, reels, and flies, and shotguns. We handle all upkeep and maintenance.
